Re: Docket No. RT-00000F-02-0271

Dear Tim,

Enclosed is AT&T's Second Set of Data Requests in the section 252(e) proceeding. I have tried to limit the requests to the transcripts and documents referred to in the Minnesota Administrative Law Judge's Findings of Fact, Conclusions, Recommendation and Memorandum in Docket Nos. 6-2500-14782-2 and P-421/C-2-197.

AT&T participated in the Minnesota proceedings. I reviewed the index to each of the transcripts, and there are a substantial number of exhibits that are identified that I have not asked for in the discovery request. I would like to obtain Qwest's permission to review the exhibits by going through the copies in AT&T's possession as a result of the Minnesota proceeding. If there is an exhibit or document that I may want to use in the Arizona proceeding I would be willing to send a data request to formally request a copy of the exhibit or document for use in the Arizona proceeding. I believe this will reduce the amount of time and expense Qwest would incur by having to produce all of the exhibits identified in the transcripts of the Minnesota proceeding.

You should be aware that AT&T also intends to use the documents received from Qwest in response to AT&T's data requests in the section 271 proceeding. I believe this is permitted by prior procedural orders in the section 271 proceeding and the Protective Order in the section 252(e) proceeding. I did not want you to be surprised; and, should there be a difference of opinion regarding the permitted use of the documents, I want to get it out in the open and cleared up before AT&T must file any comments in the section 271 proceeding, either in response to Staff's report or in supplemental comments.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard S. Wolters", with a long horizontal flourish extending to the right.
